

HSM 8 TE

HSM 8 TE

In terms of performance, efficiency and flexibility our mobile HSM 8TE small baler is hard to beat. This compact baling press is also extremely easy to operate: insert the strapping tape, switch it on and watch it go! Also the strapping and ejection of the bales can be performed easily. The complete bale ejection means that the compact bales are ejected by the machine directly onto a pallet and can be easily transported to a storage location.

- Automatic return stroke of press ram after the pressing cycle
- Secured loading flap during compression by encoded solenoid switch
- Convenient bale strapping with continuous polyester tape
- The electronically secured bale removal door with automatic bale unloading provides the highest ease of operation

Product type description	HSM 8 TE
Order number	6208184
EAN Code	4026631016902
Pressing power	80 kN
Automatic strapping	NO
Loading aperture width	730 mm
Loading aperture length	645 mm
Press chamber width	1050 mm
Press chamber height	505 mm
Bale length	500,00 mm
Bale width	645 mm
Bale height	505 mm
Hourly bale output	4 - 7
Driving power	4 kW
Voltage	400 V
Frequency	50 Hz
Width	2520 mm
Length	850 mm
Height	780 mm
Weight	554 kg
