

HSM HL 1615

HSM HL 1615

This all-purpose stationary baler was designed for high loads and completely flattens paper scraps, large cardboard boxes, plastic foils and comparable materials – even rigid paint cans and light metal barrels (up to 200 litres). To handle even extreme one-sided loads in the press chamber, the press ram guidance has a specially large and sturdy construction. Both large loading flaps, which together function as oversize feeding opening, make it possible to compact voluminous materials simply and quickly without having to manually tear them into smaller pieces beforehand.

- High throughput capacity with large split loading aperture
- The standard hardened chrome-plated piston rod guarantees a long service life
- The hydraulic counterplate provides the highest ease of operation and reliability
- Manual bale strapping with continuous polyester tape, available as 3-fold or 4-fold version
- The full stroke of the press ram ejects the bale completely
- Optimum operator protection provided by lateral protective grating and safety lock for the loading flaps
- Baler can be transported for reassembly

Product type description	HSM HL 1615	HSM HL 1615
Order number	6218154	6219124
EAN Code	4026631017107	4026631017091
Pressing power	150 kN	150 kN
Automatic strapping	NO	NO
Loading aperture width	700 mm	700 mm
Loading aperture length	1500 mm	1500 mm
Press chamber width	2000 mm	2000 mm
Press chamber height	800 mm	800 mm
Bale length	1100,00 mm	1100,00 mm
Bale width	700 mm	700 mm
Bale height	800 mm	800 mm
Hourly bale output	3 - 7	3 - 7
Driving power	7.5 kW	7.5 kW
Voltage	400 V	400 V
Frequency	50 Hz	50 Hz
Width	4530 mm	4530 mm
Length	1990 mm	1990 mm
Height	1100 mm	1100 mm
Weight	1671 kg	1771 kg
